

F5 Full Face Mask

Simplify the Full Face Therapy

F5 do renovates your impression of full face mask with slim frame, groove- fit cushion and easy clip. All of the components above enable the patient to enjoy the ease of full face therapy.

Slim Frame

Transparent and slim main frame minimize the effect to your vision.

Groove-fit Cushion

Single layer of soft cushion with intelligent groove design fits different face shapes.

Easy Clip

Classic clip helps to lock or release as easily as possible.

Ingenious Swivel

Detachable swivel design separates mask from tubing conveniently when needed.
