

N5A Nasal Mask

A balance of breathing and horizon

Forehead frame –free design enables you to enjoy more vision.

Main Features N5A Nasal Mask

AutoFit Cushion

The intelligent flexigroove design on the cushion's upper edge helps to automatically and effectively adjust to the bridge of the nose.

Compact Design

The N5A is composed of a 5-part assembly. It is easy to disassemble and clean.

Liberty of Vision

The forehead frame-free design allows users uninterrupted vision, ideal for bedtime reading.

Easy Release Clips

The patented easy release clips provide the user with a convenient way to attach the headgear.
