Fit

Users simply stretch the mask over their head and onto their face.

Touch

With one touch, users adjust for their preferred fit by sealing the mask under their nose with a gentle push.

AutoLock technology holds the seal in place and requires only a single pull to release the headgear.

Sleep

AutoLock technology comfortably holds the mask in place, dynamically responding to sleep movement and CPAP-therapy pressures.

One revolutionary headgear design

Simple,
every night

Users can easily fine-tune the mask during nightly use for an optimal fit.

Quality
components

AutoLock technology,
manufactured with carbon fibre
material for seamless movement.

Reduces
overtightening

Without conventional straps
to undo and pull, the AutoFit
headgear reduces overtightening.

Two comfortable cushion options

Nasal Cushion

Sits under the nose allowing for freedom of movement while keeping the cushion comfortably in place.

Pillows Cushion

Soft, thin pillows cushion sits comfortably inside your nose providing a stable seal.

Simplify the mask experience across the patient's journey

Mask Selection

One headgear system with two cushion options to simplify mask choice for you and your patient.

Setup with the F&P myMask™ App

For an enhanced experience, F&P myMask supports your patients with mask setup and fitting.

User-friendly packaging

Step-by-step pictorial instructions provides confidence to set up the mask independently.

F&P myMask support

F&P myMask helps with fitting, cleaning and troubleshooting. Support when it's needed most.

Simple for you and your patients

F&P Solo has done the hard work so you and your patients don't have to.

Under our F&P SureFit™ 30-Day Mask Guarantee if you are not completely satisfied with your F&P Solo mask, simply return it to the store you purchased it from – within 30 days of purchase – and we will replace the original mask at no charge (conditions apply).
